

2008 Seniors

Just say 'No' to being Photographed at School!

Your Senior High School portraits are too important to have them taken at school. We will take them at our Ventura or Fillmore studio and we will photograph you for **FREE!** That is correct...**FREE!**

If you desire our *Traditional (30 minute) session* during which we typically take about 40 images with a couple different backgrounds and/or changes of clothes...it is **free**. And we will give you a **free** 8x10 print of your choice. You save over \$100!

If you desire our *Contemporary (90 minute) session* during which we typically take over 100 images with multiple backgrounds, changes of clothes, and some outdoor shots...it is **free**. And we will give you a **free** 11x14 wall portrait. You save over \$175!

If you desire our *Image (3 hour) session* during which we typically take over 200 images with multiple backgrounds, changes of clothes, and an extensive outdoor session (including at the beach, if desired)...it is **free**. And we will give you a **free** 16x20 wall portrait or DVD slide show of your photographs. You save over \$240!

These specials are only good through **September 30, 2007** and they do require a minimum purchase of photographic products (which is less than you would pay those other guys). Contact us for details.

Unfortunately, in many cases you must still get your yearbook photo taken by the photographer at your school, but you **ARE NOT** required to get other pictures there. Join us and have award winning senior photographers give you memories that will last a lifetime!

2319 Alameda St. 1G, Ventura or 330 Central Ave., Fillmore

644-4099 ~ 524-6400
